Superintendent’s Message

With the beginning of a new school year we look forward to being able to provide the best possible education for the young people of our county. You, the staff, are the key to that success. We are proud of our educational staff and are pleased to have you as a member of the team working for the students and patrons of the Morrow County School District.

Our school district is a complex organization. The district employs approximately 285 regular employees and about 140 substitutes making us one of the largest employers in the county. Every school district in the state is struggling with financial concerns. Our annual operating budget is $45,097,143. About 80% of the expenditures of the general fund budget are directly related to salaries and benefits of our educational team.

With the scope of our operation, it is important that all staff members understand their opportunities with and responsibilities to the district. This handbook is designed to aid you in meeting those responsibilities, as well as to encourage you to take advantage of the opportunities offered to you as an employee.

Please take the time to read and familiarize yourself with this handbook and keep it handy for future reference. If you have questions or concerns, please feel free to present them to your building principal or the Human Resources Department at the District Office.

Dirk Dirksen
Superintendent of Schools
Morrow County School District

The district will apply for copyrights and patents when deemed appropriate by the superintendent. Employees will be expected to cooperate in the district’s efforts.

In the event that an employee produces items described above partly on his/her own time and partly on district time, the district reserves the right to claim full ownership. The employee, however, may petition the district for assignment of copyright or patent rights. Employees will not attempt to copyright or patent such items without the knowledge and consent of the superintendent.

Additionally, all staff not requiring licensure or registration as a teacher, administrator, personnel specialist or school nurse and newly hired are required to submit to a nationwide criminal records check and fingerprinting as required by Board policy and Oregon law.

If feasible, the employee will take the rest period at the same time as the rest periods or meal periods provided by the district.

The district will make a reasonable effort to provide a location, other than a public restroom or toilet stall, in close proximity to the employee’s work area, where an employee can express milk or breast-feed in private, concealed from view and without intrusion by other employees or the public. “Close proximity” means within walking distance from the employee’s work area that does not appreciably shorten the rest or meal period. If a private location is not within close proximity to the employee’s work area, the district may not include the time taken to travel to and from the location as part of the break period.
